

THE WITCH'S CAVE

Chapter I – The Caverns

*Before every great journey, there is a place
where silence teaches more than words.*

*Hidden beneath the mountain, where sunlight
has never reached, the Witch's Cave has quietly
watched the passing of countless years.*

*Its river remembers every whispered spell.
Its stone holds the echoes of forgotten footsteps.
Its shelves keep herbs, stories and secrets
gathered through a lifetime of quiet magic.*

*This is not the destination.
It is the place where every path begins
to reveal itself.*

*Stay here for a while.
Listen to the water.
Watch the candlelight.
Breathe slowly.*

*When you are ready...
Turn the page, and begin writing
your own Witchy Path.*
